TO BRITISH SUBJECTS

Queen Victoria Issues a Proclamation Bearing on the War.

WARNS ALL NOT TO AID THE BOERS

Must Not Sell or Transport Merchandise to the Transvaal Under Penalty of the Law—News of the War.

London, Dec. 27.—The privy council held a meeting at Windsor Castle, at which Queen Victoria proclaimed a warning to all British subjects not to assist the inhabitants of the Transvaal or Orange Free State, or to sell or transport merchandise thereto, under penalty of the law. The proclamation was gazetted.

The Rhodesian Mafeking relief force, according to a dispatch from Mochadi, Bechuanaland, Dec. 16, was progressing slowly, owing to the necessity of repairing the bridges, averaging one per mile. An intercepted Boer mail bag, it is added, shows that 20 Boers were killed and many wounded during the British attack on the Sequa laager.

The war office here has received the following dispatch from Cape Town, dated Tuesday, Dec. 26: "There is no change in the situation. Methuen reports that the enemy's force has increased and has engaged in trenching three and a half miles from his outlying pickets. Methuen reconnoitred with two squadrons of mounted infantry for two miles along the line and drew the fire of four guns and two Vickers machine guns. Four horses were hit. The queen's Christmas message was received with enthusiasm. Gatacre is endeavoring to reopen communication with the Indwe collieries."

Kitchener Joins Roberts.

Gibraltar, Dec. 27.—The British steamer Dunottar Castle, having on board General Roberts of Kandahar, commander-in-chief of the British forces in South Africa, arrived here. General Lord Kitchener, who came from Egypt to join General Roberts as chief of his staff, embarked on board the Dunottar Castle, and the vessel sailed for Cape Town.

Ordered to the Front.

Choate Not Notified.

London, Dec. 27.—Inquiries show that the American ambassador, Joseph Choate, has not yet received instructions from Washington regarding the seizure of cargoes of American flour by British warships at Delagoa bay.

Bloodiest Battle of the War.

Washington, Dec. 27.—Mail advices have reached the war department in regard to the crushing defeat administered by Wheaton's brigade to the insurgents near San Jacinto early in November. According to the correspondent of the Manila American, the Thirty-third Infantry, under Colonel Hare, encountered a force of the enemy between San Fabien and San Jacinto, and brought on one of the sharpest engagements of the war, resulting in the death of more insurgents than in any other fight since the beginning of the insurrection. The battle raged for two hours. It is estimated that over 100 insurgents were killed in the fight. Twenty-nine prisoners and 100 rifles were captured. The Americans lost one officer killed and six men wounded. The officer killed was Major John A. Logan, Jr.

National Farm School.

Doylestown, Pa., Dec. 27.—Secretary of Agriculture Wilson visited the National Farm school at this place, and expressed his approval of the system as explained by the managers of the institution. Among those who accompanied Secretary Wilson on the tour of inspection were Governor Stone, Mayor Ashbridge of Philadelphia, many prominent citizens and several directors of this city. The school has six departments, farm, dairy, veterinary, horticultural, chemical and general. The national farm school was founded by Rev. Dr. Joseph Kauskoff five years ago.

A Dracary Trial.

New York, Dec. 27.—This was the forty-fourth day of the Mollieux trial and the record for long murder trials in New York county has been broken by one day, without any of the essential points in the case having been proved. It yet remains for the prosecution to prove that a murder was

committed or that a package of poison was sent through the mails. Listening for nearly a month to the technical explanations of the handwriting experts has had a plainly wearisome effect upon the jury as a body.

FATAL STREET FIGHT.

Politicians Shoot and Slash One Another to the Queen's Taste. Huntsville, Ala., Dec. 27.—A serious fight occurred at Deposit, a small town near here, in which two men were killed and a third is probably fatally wounded.

James Harden's throat was cut from ear to ear by his nephew, Jesse Harden. The former is dead. John C. Harden, a brother of the dead man, was seriously cut by Jesse Harden, and as the fight was drawing to a close, Mac Russell discharged a load of huck-shot into the abdomen of Jesse Harden, causing death instantly.

All the parties are well known and prominent in politics. Mac Russell has not been arrested. The cause of the fight is not known.

Arms Will Be Seized.

Washington, Dec. 27.—The Ottoman legation in this city announces that by virtue of the recent decree of the port it is declared that such arms as are debarred from importation into Turkey will be confiscated from this time on when they arrive at the custom house of the Turkish empire. It is announced that the Turkish government will in no way hold itself under obligation to pay the value of such arms to the assignees.

A Railway Denial.

Chicago, Dec. 27.—Paul Morton, second vice president of the Atchison, Topeka and Santa Fe road, denied most imperatively that he is to be president of the reorganized Kansas City, Pittsburg and Gulf road. Mr. Morton said there was not a particle of truth in the published reports to that effect.

Cotton Mill Burned.

Philadelphia, Dec. 27.—The extensive cotton mill of Joseph Flinn's Sons, manufacturers of cotton and merino, in Germantown, a suburb of this city, was almost completely destroyed by fire. The loss is estimated at \$60,000, covered by insurance. The origin of the fire is unknown.

Bath-Tub Combines.

Pittsburg, Pa., Dec. 27.—The consolidation of the sanitary enameling interests of the country, known as the "bath tub combination," has just been completed. The new concern will be called the Standard Sanitary Manufacturing company, and will begin business on Jan. 1.

Marysville, Cal., Dec. 27.—Chinatown was the scene of a lively battle between rival Highlanders' societies, the Suey Sing and Hop Sing. About 100 shots were exchanged. One Chinaman, a member of the Suey Sing faction, was killed.

Sir Henry Irving Dined.

Washington, Dec. 27.—The British ambassador, Lord Pauncefoot, entertained Sir Henry Irving at luncheon at the British embassy at noon.

Received by the King.

Lisbon, Dec. 27.—King Carlos gave an audience to the new United States minister to Portugal, John N. Irwin.

PLAN OF ACTION ALREADY OUTLINED

Jealous Husband Kills His Wife and Attempts His Own Life at Springfield—Other Live State News.

Cincinnati, Dec. 27.—The active business men of Cincinnati are moving earnestly to secure the location of the Democratic national convention in this city. Visits have been made to Washington city and innumerable letters have been written to various influential persons, and now the Cincinnati league has called a meeting of all interested classes, to be held Jan. 2, at which time steps will be taken to secure a guarantee fund and to make other necessary arrangements for putting the claims of Cincinnati before the national committee.

It is assumed here that the competing cities will be Kansas City, Milwaukee, Chicago and New York. The promoters of Cincinnati propose to not only to be nonpartisan, but also to be neutral as to the choice of candidates, and to assure fair play to all aspirants.

Domestic Tragedy.

Springfield, O., Dec. 27.—Frank B. Coe shot and killed his wife at their home, then shot himself. They were found side by side, Mrs. Coe dead, but Coe still living. He was taken to the hospital. Coe came here a few months ago from Lima, and is an employee of the Ohio Southern railroad. They had a daughter five years old. Jealousy is thought to be the cause of the tragedy.

Convict's Terrible Death.

Columbus, O., Dec. 27.—Hector Fontanari, a Cincinnati prisoner, met a horrible death while working in the hoe shop at the penitentiary. His clothing became entangled in a large fly-wheel 15 feet above the ground, and he was whirled around at almost lightning speed nearly 100 times before the machinery could be stopped. His body was literally crushed.

Blow at Cat Naps.

Sandusky, O., Dec. 27.—The following order has been issued by General Anderson, commandant at the Ohio State Soldiers' and Sailors' home here: "The practice of lounging on beds and sleeping during the day, except when unwell, or rising in the morning, before the whistle blows for reveille, must be discontinued."

Hanna Takes No Part.

Akron, O., Dec. 27.—General Charles Dick says that no part is being taken by Senator Hanna in the organization of the Ohio general assembly.

Miners Want an Increase.

Altoona, Pa., Dec. 27.—Representatives of 35,000 miners in the bituminous coal district are meeting at various points to consider the feasibility of a strike for a general increase of 30 per cent in wages. At the coal towns, Lilly, Punxsutawney, Barnesboro and Clearfield, the sessions of the wage workers are secret, though their intentions have been expressed publicly enough. The miners say unless the operators consent to the demand a general strike is certain.

This Settles It.

Washington, Dec. 27.—In official German quarters it is stated that Germany has never contemplated the acquisition of the Danish West Indies, and that consequently there has been no occasion for advices from the German embassy here to the home government against the acquisition, on the ground that it would be regarded in this country as an unfriendly act.

Pittsburg, Dec. 27.—Captain Jacob Jay Vandergrift, one of the wealthiest and most prominent men of Pittsburg and a pioneer of the petroleum and natural gas producing industry, died suddenly in this city. He was 72 years old and his death resulted from heart trouble.

CANADA AN EASY MARK.

Fenians Believe They Could Take the Whole Country in a Week.

New York, Dec. 27.—Relative to the attitude of the Irish revolutionary societies toward the government of Great Britain, the Evening Post quotes an officer of the Clan-na-Gael as saying: "England can only be made to feel by physical force, and we are now going to give her some Boer treatment. We did intend going out and sinking that first expedition from Canada to South Africa, but thought it better to wait a little. We can mobilize our men without much difficulty for an attack on Canada, and we are well armed. We have either regiments or companies all over the United States, and are fairly well drilled, and a great many of our men are in the militia. "If it is decided to attack Canada, we shall do all in our power to keep matters so secret as not to embarrass the government until we are actually on the border. The French population in Canada would be with us, and there are numbers of our own countrymen ready to welcome us. Canada would be an easy mark. We would have the Canadian loyalists on a run in a week."

Say the Story Is True.

Buffalo, Dec. 27.—Many Irish and Irish-Americans in this city and Dunkirk not only say that the story of Nebraska and Massachusetts Fenians organizing for the invasion of Canada is true, but declare that western New York Fenians have secretly organized and are only waiting for the word to cross the Niagara river. Patrick O'Day, Jr., a Main street saloonkeeper, whose father was famed as a leader in the old days of Fenianism, says the movement has been growing for months, and that 50,000 men are counted upon to invade Canada in "the uprising of 1900."

Money For the Boers.

Philadelphia, Dec. 27.—There is a general movement among the Irish citizens here to aid the Boers in their war with England. A call was sent out for a special assessment on every member of the Ancient Order of Hibernians, of which there are 25,000 in this city. A return of \$25,000 is expected, which will help to swell the general fund of \$1,000,000, which organization throughout the country seek to raise.

Indiana Republicans.

Indianapolis, Dec. 27.—The love feast of the Republicans of Indiana brought to the city representatives from nearly every county. Several hundred men, who have held office, who want office, or who are interested in having friends get places, reported at the Denison hotel, the headquarters of the party. Senators Fairbanks and Beveridge are here. It is well understood that the organization will be maintained through the coming campaign pretty much as it now exists, but this fact, seemingly, has not detracted from the interest in planning for the work that is to begin in 1900.

Mouneux Jurors Snagowed.

New York, Dec. 27.—Some of the jurors in the case of Roland B. Mollieux, who is on trial for the alleged murder of Mrs. Kate J. Adams, have complained to Recorder Goff about being under the constant and almost painful surveillance of detectives engaged by the district attorney. They claim that ever since the selection of a jury a detective has been assigned to each member of the jury, and this detective has shadowed his man with annoying persistence. It is said Recorder Goff told the complaining jurors he could do nothing for them.

To Cultivate Rice.

Houston, Dec. 27.—An Iowa syndicate, headed by D. B. Hurd and A. N. McVey, has secured options on 10,424 acres of rice land in Jefferson county, for which they have agreed to pay \$185,000. The same parties have also secured a 90-day option on another tract, which makes the total transaction amount to the purchase of 14,264 acres, to cost them \$225,000. The gentlemen act as trustees for a syndicate now being organized in Iowa to go into the rice business on a large scale.

Transports Arrive.

Washington, Dec. 27.—General Otis has notified the war department of the arrival at Manila of the transports Duke of Elte and St. Paul, carrying the Thirty-eighth volunteer infantry, and the transports Ohio and Indiana, carrying the Fortieth volunteer infantry. FACED DEATH FIRMLY.

Young Woman Ascends the Scaffold and Goes Through the Trap.

LOST HER LIFE FOR A FOUL DEED.

She Coolly Murdered Her Mistress Because She Was Jealous of the Love the Latter Bore For Her Own Children.

Brandon, Manitoba, Dec. 27.—Emily Hilda Blake, a domestic, was hanged here for the murder of Mrs. Lane, her mistress. Only a few persons witnessed the execution.

Miss Blake, who was only 22 years old, walked firmly to the scaffold without assistance, and was the coolest of the party of Hangman Ratcliff. She made no statement.

The crime for which Miss Blake was hanged was the murder of her mistress, Mrs. Robert Lane of Brandon, on July 5 last. Mrs. Lane was found dying with a bullet hole in her breast, and the Blake girl gave the alarm, saying a tramp had murdered her. Later she was charged with and confessed the crime, saying she did it because she loved Mrs. Lane's children, and was jealous of the mother's love. Her trial was brief, as she refused all offers of counsel and pleaded guilty.

Military Retirements.

Washington, Dec. 27.—General Gilbert S. Carpenter, who was recently confirmed as brigadier general in the regular army, has been placed on the retired list on his own application after three years' active service. His last service was in command of the Eighteenth Infantry in the Philippines. He has been detached from further service in the field and ordered home. His retirement leaves two vacancies in the list of brigadier generals, and results in promotions in every grade of the line. It is popularly supposed that Generals MacArthur, Wilson, Lee, Wheeler, Bates, Young, Ludlow and Wheaton, all of whom hold volunteer commissions, are to be made brigadier generals in the regular establishment, and that all but two of the number will be immediately retired.

Battleship Maine's Dead.

Washington, Dec. 27.—Captain Sigbee and Chaplain Chidwick called at the navy department to consult with Assistant Secretary Allen respecting the ceremonies to take place at Arlington in connection with the reinterment of the bodies of the Maine's victims. The remains of 151 dead sailors arrived here on a special train of six cars. They were escorted by a guard of honor, composed of 12 men from the Texas. The caskets have been placed in open hospital tents, and the guard of honor will be maintained over them until they are buried. The exercises will be as simple as possible.

Destructive Fire.

Fort Wayne, Ind., Dec. 27.—Fire, which started at an early hour, destroyed the wholesale and retail dry goods establishment of George Dewald & Company and the grocery store of M. F. Kaag, causing an aggregate loss of \$200,000, on which there is a total insurance of \$135,000 distributed among several companies. The Dewald concern was one of the oldest mercantile establishments in the northwest.

French Strike Spreading.

St. Etienne, France, Dec. 27.—The coal mine strikers marched in procession to several of the mines where partial work is proceeding, but dragoons stationed at the pit heads protected the workers, and no disorder has occurred. THE MEDICAL SOCIETY.

Interesting Session of City and County Physicians at the Regular Meeting Wednesday.

The County Medical Society held its regular meeting yesterday. The President, Dr. James Shackelford, being detained by illness, Dr. Thos. E. Pickett was chosen President pro tem.

Essays were in order from Drs. Hunter and Hord, but engagements intervened and the society was thrown upon its reserve force for the day's entertainment. The society is fortunate in being in position to honor eight demands like this, and promptly extemporizes an essay acceptable in study and finish.

Dr. A. N. Ellis supplied an article, based upon personal observation, upon "The Public Charities of London," which was rich in instruction and should have been heard to be appreciated. This was followed by a practical paper, with report of a case, by Dr. A. G. Browning, on "Obliquity of the Uterus as a Cause of Tedious Labor and the Necessary Procedure." Discussions were conducted by Drs. Reed, Pickett, Ellis, Browning and Rev. Chapin, who was an interested auditor and a valued contributor to the exercises.

A pleasing feature of the society's proceedings is the occasional introduction of matter not strictly professional and the wholly informal, conversational manner of discussion in which members and guests may engage freely and at will. To all so inclined the doors are open without further notice.

An agreeable and profitable arrangement is perfected for the next regular meeting and a full attendance is desired. The society is surely accomplishing its fundamental object of professional advancement and improved fraternal relations, so surely, that 'tis no longer a question of whether one can afford time for attendance, but whether a failure to do so may be best, even at greater cost. Be it remembered that vitality is first individual and then collective; but whilst the strength of an organization may never be correctly estimated in numbers merely, an aggregate of valuable factors is not only a desirable but an entirely feasible thing. And the society is surely doing this desirable thing in the best and most liberal sense.

NOT A PENNY

Will the Government Get in Return for Use of \$250,000,000 a Year.

Outrageous Favoritism Shown by Secretary Gage to a Bank—Trust Barons Control It.

[New York World.]

The National City Bank is the most powerful financial institution in the country. It has the largest capital stock, increased on December 3 from \$1,000,000 to \$10,000,000. It has the largest deposits—an average of more than \$100,000,000. It has the most imposing Directory, including William Rockefeller, representing the Standard Oil interests; H. Walter Webb and William Douglas Sloane, representing the Vanderbilt interests; Robert Bacon, of J. Pierpont Morgan & Co.; H. O. Havemeyer, of the sugar trust; Jacob I. Schiff, representing such vast interests as those back of the Union Pacific syndicate; John A. McCall, of the New York Life Insurance Company.

It is a bank of railway kings and trust barons and all manner of great interests that have direct concern in national financial and commercial legislation.

The Secretary of the Treasury, Mr. Gage, has selected this bank as the beneficiary of a colossal financial favor. He has ordered that the internal revenue receipts of the Government shall be paid over to it to use or distribute.

These receipts amount to close upon \$1,000,000 each week day—upward of \$250,000,000 a year.

For this favor the National City Bank will pay not one single penny to the Government. Out of this favor it will make enormous sums, for it will put the money out at interest. And interest in Wall street ranges from 6 to 100 per cent.

The law forbids the Secretary of the Treasury to use the customs receipts of the United States to enrich persons and interests friendly to the Administration. But it leaves him free to be benevolent and appreciative with the internal revenue receipts. Therefore you are contributing to the wealth and the happiness of the McKinley-Hanna syndicate's pet bond syndicators and railway kings and trust barons whenever you draw a check, or smoke a cigar or a cigarette, or sleep in a Pullman car, or send a telegram, or give a promissory note, or send a package by express, or drink a glass of beer.

Has Secretary Gage ever heard of a United States Bank issue which made and unmade Presidents half a century ago?

[New York Journal.]

Wall street drew a great breath of astonishment when it figured up just what Secretary Gage had done for the National City Bank of this city.

The whole internal revenues of the Government of the nation are to be deposited with this bank. These average about \$5,000,000 a week.

This vast sum can be loaned out by the bank at the best rate it can get. If 6 per cent. is realized it will be an addition of \$300,000 a week to the income of the bank.

Figured yearly, it amounts to \$15,600,000.

Even men who are wont to calculate in millions, and form and promote combinations whose capital would have astounded the world a generation ago, were staggered at these figures.

How did it all come about? What influence could have raked such a plum as this out of the National Treasury?

These questions are being asked on every hand.

An analysis of the personnel of the National City Bank Directorate shows that it is an aggregation of the trust kings and railway barons of the country.

Here are some of the men on the board:

William Rockefeller, representing the Standard Oil interests.

H. Walter Webb and Wm. Douglas Sloane, representing the Vanderbilt interests.

Robert Bacon, representing J. Pierpont Morgan.

This great alliance of financial interests is the greatest in the country, if not in the world.

It is a trust of trusts.

Into such hands has Secretary Gage turned the internal revenues of the United States Government.

Mr. Andrew Beckett and Mrs. Maud Farien, of Orangeburg, were married this morning by Rev. Robert Tolle at his home in the Fifth ward. The bride is twenty-three years old and this is her second marriage. The groom is twenty.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c. a bottle at J. J. Wood & Son's drug store.

Marriage Wednesday Afternoon of Mr. J. W. Carnahan and Miss Amelia Estelle Ryder.

The marriage of Mr. J. W. Carnahan, of Springfield, O., and Miss Amelia Estelle Ryder, of this city, was quietly solemnized Wednesday afternoon at 3 o'clock, Elder Howard T. Cree officiating. The ceremony was performed at the latter's residence.

The bride is a most estimable young lady, and is a daughter of Mr. and Mrs. Frank T. Ryder, of the Fifth Ward. The groom formerly lived here and is a son of Mr. Andrew Carnahan. He is now engaged in business at Springfield.

River News.

Avalon up to-night for Charleston. Coal is being shipped daily from Pittsburgh. Some floating ice is reported at Pittsburgh. Captain Jacob Jay Vandergrift, an old-time river Captain, died at Pittsburgh this week. He was worth \$10,000,000.

The Pearce, Courier and Bonanza are due down to-night. Stanley for Pomeroy and Keystone State up for Pittsburgh.

S. D. Gates is one of the clerks of the Portsmouth packet Pearce and John D. Weaver has succeeded Dent. Sanford in her engine room.

The City of Pittsburgh's new boilers will be ready by February 1, probably sooner. She will enter the trade she was originally built for, plying regularly between Pittsburgh and Louisville.

It is thought that when the locks and dams now under construction in the Ohio river are finished, it will be possible to ship by water, either up or down, practically throughout the year.

The Pearce has succeeded in building up an admirable business in the Portsmouth-Cincinnati run since she entered it as an independent packet. She went into Cincinnati Christmas Day with 140 passengers.

WE heartily thank our many friends and patrons for the liberal patronage bestowed upon us, especially during the holiday season, which we fully appreciate, and ask that the confidence they have placed in us in the past will continue in the future.

R. B. LOVEL,

THE LEADING GROCER

You will make a mistake in purchasing your holiday gifts before seeing Clooney's stock of novelties and jewelry, pronounced by shoppers as the best selected in the city.

THE Advocate says W. B. Holmes, a leading grocer of Danville, has decided to quit selling lard or pork in any form, because he thinks it contrary to scripture. A year ago he made a bonfire of all his large stock of tobacco and refuses to handle it in any form.

DIAMONDS are the most interesting of all precious jewels. They have bound many hearts together, have caused joy, happiness and pleasure; saved fortunes by their convertibility into cash. Nothing more acceptable as a gift to your loved ones. Not necessary to have a fat purse if you buy from me at old prices. J. BALLENGER, jeweler.

Springer, of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had cured her of a hacking cough that for many years had made life a burden. BERNARD.

A quiet Christmas—a few family dinners to break the monotony of country life.

Mrs. Laura White and family ate Christmas dinner with her son, D. Sam White, and wife, of Hectorville.

Miss Sudie Lloyd very beautifully entertained a party of young people last Saturday evening.

Rev. Gebbey, pastor of the Orangeburg Christian Church, visited at the home of Mrs. Grant last week.

Married, at the home of the bride, Newport, Ky., Miss Ella Eorman and Mr. Planck, of Fleming County, December 21st. They came at once to Maysville and will be the guests of Mrs. Planck's sister, Mrs. Thomas Lashbrooke, for a few days. They will make their home in Fleming. "Miss Ella" has many friends in this neighborhood who wish her all possible happiness and joy in her new life.

A most delightful entertainment was given last Friday afternoon by the pupils of the Bernard school. The room was beautifully decorated with evergreen for the occasion. Strings of evergreen and popcorn were festooned over

the ceiling and around the walls, while wreaths were hung in every window. The room was quite suggestive of the approaching holiday season. The teacher, Miss Mary Nelson, of Cincinnati, had prepared an elaborate program, which consisted of recitations and dialogues. The pupils all did remarkably well and Miss Nelson should feel very proud of her efforts. The attendance was good and exercises enjoyed by all. Success to the Bernard school.

MT. CARMEL, FLEMING COUNTY.

The M. E. Church is being newly roofed.

The members of the Masonic Lodge gave an oyster supper Wednesday evening.

Marvin B. and Will H. Wallingford have closed a very successful term of school at Foxport.

Messrs. Gilbert Cook and John Alexander, of Lexington, are down spending the holidays.

Moses Kenner and wife were guests of John C. Smith and family at Maysville Christmas day.

The ladies of the Christian Church will give an oyster and ice cream supper Thursday evening.

Willie Wallingford and sister, Miss Clara Belle, visited relatives in Germantown several days this week.

Mrs. M. Luman and Mr. J. L. Foxworthy and wife spent Christmas day with Prof. T. A. Luman and wife at Flemingsburg.

The M. E. Church, South, presents a decidedly improved appearance since receiving new paper, carpet and paint. This work was mostly done

through the efforts of the ladies of the Missionary Society.

Mrs. Mary O'Bannon has returned home after an extended visit to her daughter, Mrs. C. W. Henderson, at Flemingsburg.

Miss Jessie Glascock and Master Charles Marshall came home from London, Ky., where they have been attending school, to spend the holidays.

SPRINGDALE.

A very shameful affair was that at Bethany Church Christmas night when the good people of this vicinity were met to celebrate the day with a nice Christmas tree laden with presents for the Sunday school. A lot of Lewis County toughs and Mason County bums, filled with mean Maysville whisky, sought to disturb our quiet with a regular riot, and for awhile it seemed as though something serious might happen, but luckily nothing was done, except a few cowards aired themselves and a few women advertised themselves. It is a pity we live so near Maysville and they sell so much and such mean liquor, and some soul destroyers there even give the vile stuff away in their zeal to destroy the manhood of men. The courts will hear more of this and perhaps the school fund will at least be replenished.

Ringgold's New Officers.
Ringgold Lodge No. 27, I. O. O. F., last evening elected officers for ensuing term as follows:

N. G.—Geo. Crowell.
V. G.—Chas. P. Dieterich.
Secretary—A. N. Huff.
Treasurer—James Barbour.
Real Estate Committee—W. E. Stallcup, W. B. Peacor and H. L. Newell.
Finance Committee—J. L. Daulton, W. E. Newell, C. P. Traxel.

Widows and Orphans Committee—H. L. Newell, J. H. Ratna, Jas. Barbour.

Mr. J. F. Barbour, who has been Treasurer of this lodge for many years, declined a reelection.

Woman is often referred to by man as "doubtful his joys and halcyon his sorrows." That may be complimentary but it would seem to be rather hard on the woman. For in plain terms it means that where things are going well with the man his wife makes them go better. But when things are going ill with him, he expects the wife to share half the burden. And there's more truth than poetry in this presentation of masculine selfishness. Men don't appreciate the fact that the strain of motherhood alone is a burden bigger than all the loads that rest on male shoulders. They see the wife grow thin, pale, nervous and worn without a thought that she is overburdened. Among the pleasant letters received by Dr. Pierce are those from husbands who have waked up before it was too late to the crushing burdens laid upon the wife, and in the search for help have found in Dr. Pierce's Favorite Prescription a restorative which has given back to the mother the health of the maiden and the maiden's happiness. "Favorite Prescription" always helps and almost always cures. It has perfectly cured ninety-eight out of every hundred women who have used it when afflicted with diseases peculiar to women.

The eleven negroes arrested Monday in a Wall street "crap shooting" resort on charge of disorderly conduct, were tried Tuesday and were all acquitted.
